

A1A-BOUGAINVILLA PARKING LOT UPDATE

MARCH 15, 2013

FOR MORE INFO, CALL PUBLIC INFORMATION
OFFICER STEVE d'OLIVEIRA AT 954-640-4209.

This was a preliminary design (left) for the parking lot sign. The size was slightly scaled back.

THE A1A-BOUGAINVILLA DRIVE PARKING LOT IS BEING RE-DESIGNED TO ADD SPACES

The entrance to the lot this week from State Road A1A was widened from 12 to 24 feet.

A good number of spaces remain open to the public during construction.

Thirteen new spaces will be added to the A1A-Bougainvilla parking lot as the Town continues its efforts to accommodate more visitors to our seaside village. The project started Jan. 28 and will take 90 days to complete. Part of the lot will remain open while asphalt, curbing and lighting work is underway in other areas.

Landscaping will be significantly improved in the parking facility.

A new exit southbound to Ocean Drive will be added for convenience.

When finished, the internal traffic flow within the lot will also be improved.

A new sign will also be added later on A1A to help drivers new to the Town find the lot, which is close to Anglin's Square, a popular entertainment district.

The final design of the sign was approved by the **Town Commission** on Feb. 26.
